INTRODUCTION

JD Malat is pleased to present its Cultural Advisory and Curatorial Services for hotels, resorts, mixed-use developments, luxury residences, and destination projects. With an international network of artists, collectors, institutions, and cultural partners, JD Malat offers bespoke art consultancy and curatorial solutions designed to enhance the identity, value, and guest experience of hospitality and real estate projects. We believe that art is more than decoration. Art creates a sense of place, strengthens brand identity, enriches visitor experiences, and contributes to the long-term cultural value of a destination.

JD MALAT GALLERY

Since its establishment in 2018, JD Malat Gallery has been dedicated to supporting both established and emerging artists, with a focus on promoting underrepresented voices in the contemporary art world. Specialising in a diverse range of media, including sculpture and painting, the gallery represents 20 international artists whose innovative work challenges and expands the boundaries of contemporary art.

Why JD Malat?

Founded by Jean-David Malat, JD Malat has established an international reputation for presenting exceptional contemporary artists, developing meaningful relationships with collectors, institutions and cultural organisations worldwide. It has also established a strong international presence through participation in art fairs like Art Dubai, ZONAMACO, Contemporary Istanbul, Photo London etc., and worked with hotels, restaurants, luxury retail and developers on collaborative projects.

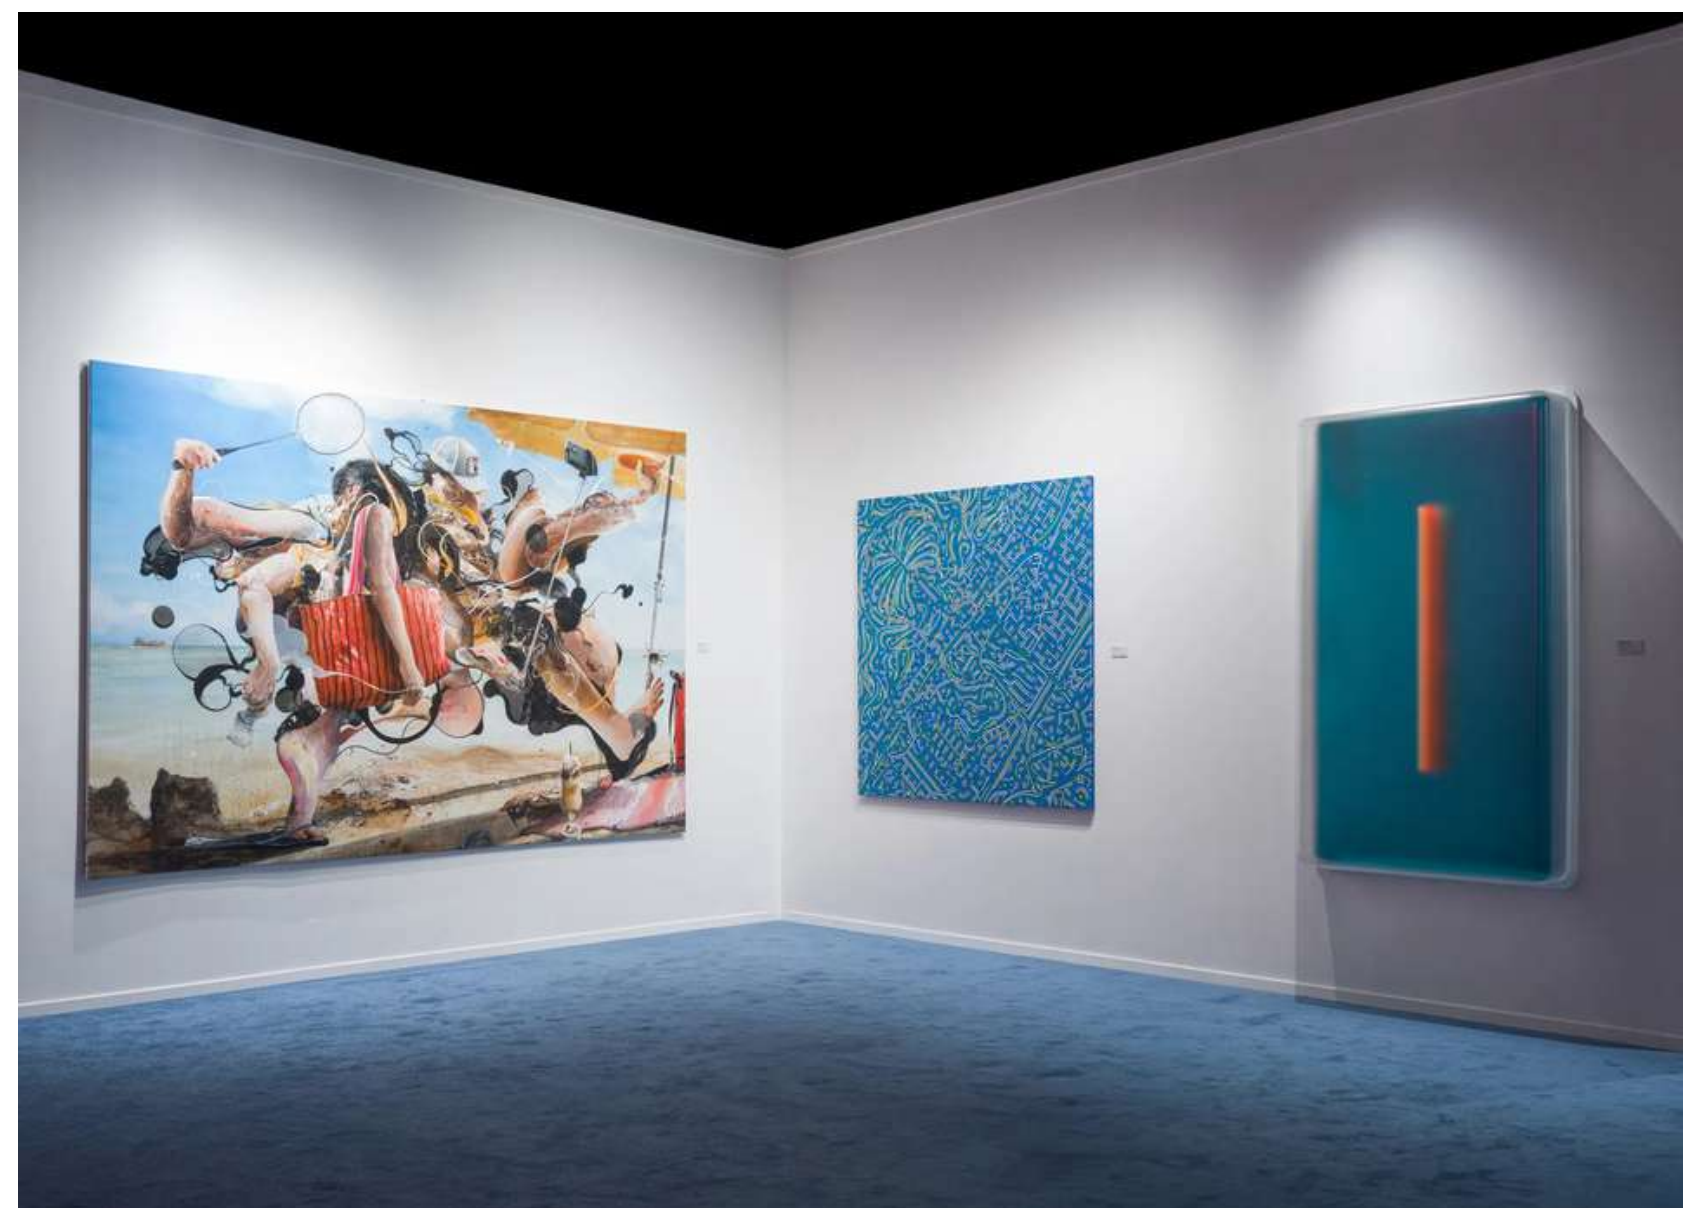

Located in the heart of Dubai, Downtown, JD Malat Gallery strives to provide a significant international platform for its artists through a meticulously curated exhibition program and participation in art fairs across the globe like Art Dubai, Contemporary Istanbul, Zonamaco, Photo London, Seattle Art Fair and more.

JEAN-DAVID MALAT AND VICTORIA ABOUCAYA

Born in Paris, Jean-David Malat is a London-based art dealer and curator dedicated to discovering and cultivating contemporary artistic talent. Having trained at Sotheby's and with over 20 years of experience in the art industry, Jean-David has collaborated with numerous international museums and foundations and has secured sales of several masterpieces spanning the secondary and primary market. Driven by his passion for championing emerging artists, Jean-David founded JD Malat Gallery at 30 Davies Street, Mayfair, which opened to critical acclaim in June 2018. Expanding his vision globally, he launched a second location in Downtown Dubai, UAE, in 2025. Since its inception, JD Malat Gallery has embodied Jean-David's commitment to unearthing and shaping the careers of contemporary artists. Through his expertise, he has discovered, promoted, and established over a dozen formerly unknown talents, continuously bringing fresh voices to the international art scene.

Victoria Aboucaya is the Director of JD Malat Gallery Dubai, where she leads the gallery's programme across exhibitions, sales, strategic partnerships, and special projects in the region. Having been part of the gallery since its conception, she has played an integral role in shaping its identity and international growth, contributing to the development of its curatorial vision and expanding its presence across key global markets.

ENGAGEMENT

Every project is unique and tailored to the specific objectives of the client. Scope of work, project structure and professional fees will be discussed and agreed upon based on the nature and scale of each collaboration. We welcome the opportunity to discuss potential partnerships and explore how art and culture can contribute to the success and long-term vision of your project.

THANK
YOU.
